

Wellesley
College

Class
of
1973

Welcome, Class of 1973, to
Wellesley

Wellesley which will be substantially different from that with which we veterans have become acquainted. As most of you know, Wellesley has already instituted changes which will add to the "gracious living" here. These include formation of a committee to restructure college government, a commission to review the College's philosophies, a revised judicial code, expanded admission

and recruiting policies, and new services and facilities, such as found in Billings. Thus, in a sense, we are all freshmen together.

Despite the many modifications of campus life, the Portrait Directory and its function, throughout many years, has proven useful for making and recognizing friends. Students, as in the past, will also find this, which is their only copy, helpful as an introduction to stores around Wellesley.

May there be commerce
amongst us,

From the Class of 1971.
