## Wellesley Circles Update!

Dear [first\_name],

We're thrilled that Wellesley Circles are launching!

**Members** - You should have heard from your co-facilitators by now to schedule your first meeting. Some circles are meeting in January; some may not get scheduled until February since that first meeting can be a big challenge in getting schedules aligned. If you haven't been contacted or if you have any questions about your experience, please reach out to us. We're excited for us all to experience a "personal board of advisors" in 2020!

**Facilitators** - Don't be concerned if it's been difficult to get the first meeting scheduled. The first one is the hardest, and it gets easier after that! You can bring your questions to a Facilitator check-in this week!

Francine Miltenberger has sent a calendar invite for a SoCal Facilitator Check-in for Thursday, January 31 at 12 noon. She has also sent monthly invites for the duration of the year that alternate between calls at 12 noon and 4 pm; the next one is on February 27. Please don't hesitate to reach out if you have any questions, and thanks so much for your service.

**Also.....**a reminder that we have very special event coming up on Saturday, February 29 at 2-4:30 pm. We're kicking off the 100-year anniversary of the

Wellesley Club of Los Angeles with a visit from three special college guests.

We invited [Sheilah Shaw Horton, Dean of Students](#), over 1 1/2 years ago, and we're thrilled she's making the trip to visit our club along with [Kathryn Harvey Mackintosh '03](#) and [Mary Casey](#). We hope you can join this incredible event which will be hosted at the Pacific Palisades home of Amy Sommer '87.
